

IT Help Desk Technician Job Description

We are looking for a reliable and customer-focused IT help desk technician who, along with our IT support team, will be responsible for providing first-level technical support and assisting users with hardware and software issues. Duties will include but are not limited to troubleshooting problems, resolving support tickets, and ensuring smooth operation of IT systems. You will collaborate with support engineers and IT staff to maintain efficient and effective user support services.

A bachelor's degree in computer science, information technology, or a related field is preferred. Candidates should have 0 to 2 years of experience in IT support or related roles, including internships.

IT Help Desk Technician Responsibilities:

- Providing first-level technical support to users via phone, email, or ticketing systems.
- Diagnosing and troubleshooting hardware, software, and network issues.
- Installing, configuring, and maintaining computer systems and applications.
- Responding to and resolving support tickets in a timely manner.
- Escalating complex issues to higher-level support teams when necessary.
- Assisting in system setup, upgrades, and maintenance.
- Maintaining accurate records of issues and solutions.
- Supporting user account management and access control.
- Providing basic training and guidance to users.
- Ensuring high levels of customer satisfaction and support quality.

IT Help Desk Technician Requirements:

- A bachelor's degree in computer science, information technology, or a related field (or equivalent experience).
- 0 to 2 years of experience in IT support or related roles or internships.
- Basic knowledge of operating systems such as Windows, Linux, or macOS.
- Familiarity with networking fundamentals and troubleshooting.
- Understanding of hardware components and system configurations.
- Strong problem-solving and analytical thinking skills.
- Good communication and customer service abilities.
- Ability to handle multiple support requests and prioritize tasks.
- Familiarity with ticketing systems is a plus.
- Willingness to learn and adapt to new technologies.
