

Senior 3D Artist / Modeler Job Description

We are looking for a highly skilled and creative Senior 3D Artist / Modeler who will be responsible for designing, creating, and optimizing high-quality 3D assets for games, virtual reality, and digital applications. You will play a key role in shaping visual direction, mentoring junior artists, and ensuring consistency and excellence across all assets.

A bachelor's degree in multimedia, animation, fine arts, game design, or a related field is preferred. Candidates should have 4 to 7 years of experience in 3D modeling, digital art, or related roles.

Senior 3D Artist / Modeler Responsibilities:

- Creating high-quality and detailed 3D models, textures, and assets.
- Designing complex characters, environments, and props based on project requirements.
- Applying advanced texturing, lighting, and rendering techniques.
- Ensuring visual consistency and artistic quality across all assets.
- Collaborating with developers, designers, and other artists to meet project goals.
- Optimizing 3D assets for performance and real-time rendering.
- Reviewing and refining assets based on feedback and technical requirements.
- Mentoring junior artists and providing guidance on best practices.
- Managing asset pipelines and maintaining organized asset libraries.
- Staying updated with the latest 3D tools, workflows, and industry trends.

Senior 3D Artist / Modeler Requirements:

- A bachelor's degree in multimedia, animation, fine arts, game design, or a related field (preferred).
- 4 to 7 years of experience in 3D modeling or digital art.
- Strong proficiency in tools such as Blender, Maya, 3ds Max, or ZBrush.
- Advanced knowledge of modeling, texturing, lighting, and rendering techniques.
- Experience with real-time rendering engines such as Unity or Unreal Engine.
- Knowledge of UV mapping, rigging, and animation fundamentals.
- Strong artistic sense, attention to detail, and creativity.
- Leadership and mentoring abilities.
- Excellent communication and teamwork skills.
- A strong portfolio showcasing advanced 3D work.
