

Senior Media Systems Engineer Job Description

We are looking for a highly skilled Senior Media Systems Engineer who will be responsible for designing, developing, and optimizing advanced media systems and infrastructure for digital content delivery. You will play a key role in system architecture, performance optimization, and mentoring junior engineers while ensuring scalable and reliable media solutions.

A bachelor's degree in computer science, software engineering, multimedia systems, or a related field is preferred. Candidates should have 4 to 7 years of experience in media systems, software engineering, or related roles.

Senior Media Systems Engineer Responsibilities:

- Designing and developing advanced media processing and delivery systems.
- Building scalable infrastructure for video, audio, and multimedia content.
- Optimizing media pipelines for performance, latency, and efficiency.
- Collaborating with developers and content teams to integrate media systems.
- Implementing advanced streaming, encoding, and decoding solutions.
- Troubleshooting complex system and performance issues.
- Ensuring system scalability, reliability, and security.
- Contributing to system architecture and technical decision-making.
- Mentoring junior engineers and supporting team development.
- Staying updated with the latest media technologies and standards.

Senior Media Systems Engineer Requirements:

- A bachelor's degree in computer science, software engineering, multimedia systems, or a related field (preferred).
- 4 to 7 years of experience in media systems or software engineering.
- Strong expertise in media processing, encoding, and streaming technologies.
- Experience with multimedia frameworks such as FFmpeg or GStreamer.
- Knowledge of networking, CDNs, and content delivery systems.
- Proficiency in programming languages such as Python, C++, or Java.
- Experience with cloud platforms and scalable media infrastructure.
- Strong problem-solving and analytical skills.
- Excellent communication and teamwork abilities.
- Leadership and mentoring skills.
