

Motion Graphics Designer Job Description

We are looking for a creative and detail-oriented Motion Graphics Designer who will be responsible for creating engaging animations and visual effects for digital media. You will work closely with designers, developers, and stakeholders to produce high-quality motion content that enhances storytelling and user engagement.

A bachelor's degree in multimedia design, animation, graphic design, or a related field is preferred. Candidates should have 2 to 5 years of experience in motion graphics, animation, or related roles.

Motion Graphics Designer Responsibilities:

- Designing and creating motion graphics and animations for digital content.
- Developing visual concepts and storyboards for animations.
- Creating animated videos, transitions, and visual effects.
- Collaborating with designers and developers to integrate motion elements.
- Editing and enhancing video content with motion graphics.
- Ensuring consistency in visual style and branding.
- Optimizing animations for performance and different platforms.
- Modifying and refining animations based on feedback.
- Managing multiple projects and meeting deadlines.
- Staying updated with the latest animation tools and trends.

Motion Graphics Designer Requirements:

- A bachelor's degree in multimedia design, animation, graphic design, or a related field (preferred).
- 2 to 5 years of experience in motion graphics or animation.
- Proficiency in tools such as Adobe After Effects, Premiere Pro, and Illustrator.
- Strong understanding of animation principles and visual storytelling.
- Experience with video editing and compositing techniques.
- Basic knowledge of 3D tools such as Blender or Cinema 4D is a plus.
- Strong creativity and attention to detail.
- Good communication and teamwork abilities.
- Ability to manage time effectively and meet deadlines.
- A strong portfolio showcasing motion graphics work.
